

Empowerment & Purpose at dusitD2 Naseem Resort

Inclusive education, sustainable action, safety training, and joyful moments celebrating the season's meaningful milestones in the mountains.

GIFTed Program

An internship initiative empowering people of determination

In partnership with Al Wafa Social Centre, we welcome individuals of determination for hands-on internships across departments—from culinary to guest services. GIFTed reflects our belief in inclusive hospitality and real opportunities at work.

Let's talk about building a more inclusive future.

Project Green

Rooted in purpose, grown with care.

Our surroundings are a privilege and a responsibility. Through Project Green, guests are invited to join us in preserving the natural beauty of Al Jabal Al Akhdar by planting olive trees, adopting trees, and supporting local biodiversity initiatives.

Join the movement. Ask our team how you can get involved.

First Aid Training

Prepared for a safer stay

Our team recently completed First Aid training with the American Heart Association Oman, gaining critical life-saving skills. It's one of the ways we continue to create a safer, more confident environment for our guests, our colleagues, and our community.

Your peace of mind matters. Always.

Kids Club

Play, create, explore while you unwind

Let your children enjoy crafts, games, and storytelling in a safe, supervised setting designed for fun and discovery. While little ones explore and play, parents can relax knowing every moment is filled with joy and care.

Check with our team for the weekly activity schedule.
