

## UPLIFT PROJECT 2026 UPDATES

*Update – June 2026*

Dear Valued Partner,

As Raffles Seychelles continues its thoughtful enhancement journey, we recognize that you and your clients may have questions around timing and the guest experience during this period. We remain committed to sharing clear updates and to ensuring every stay is delivered with the utmost care, comfort, and attention throughout.

### A Renewed Vision of Timeless Island Luxury

The resort uplift marks an exciting chapter of refinement, thoughtfully designed to elevate the guest experience while preserving the soul of our island sanctuary. From a reimagined arrival experience with sculptural artistry and handcrafted details to revitalised dining and social spaces, each enhancement reflects our commitment to craftsmanship, culture, and connection.

Our culinary landscape will emerge renewed, with refreshed interiors, enhanced lighting, refined menus, and a thoughtful evolution in the identity of our dining venues. As part of this next chapter, The Sushi Room will be reintroduced as Makase, while Pool Restaurant & Bar will take on its new identity as Soluna. Alongside Losean Restaurant, Curieuse Restaurant, and Danzil Lounge & Bar, these reimagined names and concepts reflect a stronger sense of character, place, and experience across the resort's culinary offering. Beyond dining, new and revitalised spaces including an art gallery, games room, and retail boutique will invite moments of creativity, leisure, and discovery.

All works are being carefully managed to minimise disruption. Noise is limited to specific daytime hours only, and visual screening is in place to maintain a serene resort atmosphere. While timelines are carefully planned, they may be subject to refinement as the project progresses.

Alternative dining venues, pop-up concepts, and consistent culinary offerings are in place to ensure uninterrupted enjoyment. Service standards and personalized care remain at the heart of the guest journey.

### **FOR FURTHER UPDATES**

Project timelines are closely monitored and may be refined as work progresses to ensure the highest standards of guest experience.

Please share communication with business partners and guests.

While every effort is made to adhere to the scheduled timeline, certain elements may be subject to change or extension based on weather conditions, material shipment, or coordination with local contractors. Should this occur, updates will be shared promptly to ensure transparent communication with travel partners and guests.

The Raffles Seychelles team remains fully committed to upholding guest comfort and service excellence throughout the uplift, ensuring that even during this transition, the resort continues to embody the serenity, elegance, and gracious hospitality synonymous with the Raffles name. We deeply value your continued support and understanding. Our enhancements are designed to elevate the guest experience while preserving the tranquility and privacy that Raffles Seychelles is known for.
